SATURDAY,
April 28, 2018
9 am – 1 pm

Dog: Have you heard? Garner is offering a Rabies clinic with Rabies vaccines for only \$10 each! Rabies vaccine is required for dogs and cats by the age of FOUR MONTHS. If you bring proof of last year's Rabies, you may qualify for a 3 year vaccine.

Cat: Of course I have heard! But did you know distemper vaccine for cats and dogs is also being offered for only \$10? Each cat needs to be in a HARD SIDED secure carrier and each dog must be on a secure (short) leash.

Dog: That's *Ruff*tastic! No exam fee and vaccines for only \$10 each?! Sign me up!

Cat: The staff of Saving Lives Spay Neuter Clinic is helping Garner to keep us safe and healthy. Don't miss out on a microchip for only \$20, too! I KNOW my family wants me returned if I wander off too far, but I'm not so sure about the dog! *Purrrrrr*
