

GARNER: A GREAT PLACE TO BE!

Superior quality of life in a growing community just minutes from downtown Raleigh

Garner, North Carolina—the Triangle’s All-America City—is an idyllic town of over 32,000 residents in the heart of Wake County, one of the most desirable places to live in the United States. Despite recent growth, Garner has retained its hometown charm and strong sense of community.

Just minutes from downtown Raleigh, Garner residents have easy access to one of the nation’s premier metropolitan areas, yet they also reap the benefits of a community with competitively priced housing, outstanding parks and trails, and proximity to numerous cultural, educational and entertainment venues. Recent public and private investment in [Garner’s historic downtown](#)—including the Town’s investment in a new \$10.6 million recreation center—have made it a growing hub of recreation, entertainment, and entrepreneurialism.

Garner boasts 425 acres of parkland. The park system’s crown jewels—[White Deer Park](#) and neighboring [Lake Benson Park](#)—are located in the heart of Garner near or adjacent to numerous neighborhoods. The two parks have 160 acres of open space and several miles of paved and unpaved trails. White Deer Park’s LEED Gold-certified Nature Center offers educational programming year-round for children and adults. And residents can enjoy boating and fishing on scenic Lake Benson.

The Town’s [Parks, Recreation and Cultural Resources Department](#) provides an impressive array of recreational programming for people of all ages and manages the [Garner Performing Arts Center](#), which brings top Broadway talent and other nationally touring acts to town throughout the year. In addition, Garner’s new [Poole Family YMCA](#) boasts a wide range of programming and amenities, including an outdoor aquatics center.

In Garner, you’re never far from fun and enriching opportunities. And you have access to it all in a charming, affordable town that you’ll be thrilled to call home.
